Raj Bhavsar, Jon Horton, and Chris Brooks all trained as junior gymnasts with Basel's Boys' Program Director, Bill Foster. We are excited to have them return to work with our new juniors and pass on some of their experiences.

Clinic Fee: \$40 per gymnast

Additional \$10 for same day registration. **This fee includes the meal and access to the clinicians.** They will have a Q & A during the meals, as well as comments throughout the day. They will be available for photos and autographs during the day, within reason. This is a **WORKOUT** clinic, with the clinicians floating between events, not doing intense instruction or with specific assignments. **Coaches, plan to be here with your boys.** Our objective is to create a quality interaction between all of the boys and our Olympians in a workout context.
